Mumbai, India, March 20, 2020 **Press Release**

analytica Anacon India and India Lab Expo: Mumbai event rescheduled to 19–20 August 2020

analytica Anacon India and India Lab Expo earlier scheduled on 16-17 April 2020 in Mumbai have been postponed to **19–20 August 2020**.

The postponement comes as a result of the latest coronavirus (Covid-19) developments. The Government of India introduced various travel restrictions and has suspended visa applications till 15th April 2020. This will impact international participation (exhibitors as well as visitors) to the event. At the same time, the Government of Maharashtra has imposed Section 144 in Mumbai till 31st March 2020 which prohibits people gathering, to restrict spread of Covid-19.

Considering the health and safety of our exhibitors and visitors Messe Muenchen India has taken corrective action to postpone the event and the new dates would be 19-20 August 2020, at the same venue. We will of course continue to monitor the situation and keep you updated on a frequent basis, in case there are any further changes to this schedule.

"In view of the pandemic, considering the safety of everyone involved with the trade fairs and overall industry feedback, we have deduced that postponing the trade fairs will be beneficial to all parties involved," says Mr. Bhupinder Singh, CEO Messe München India.
